## Server Configurations

### Maximum Server Specs

- Quad Processor Servers
- Quad or Six Core Processors
- 6 x Hot-swap SATA II or SA-SCSI HDD
- Up to 128GB of FB-DIMM 533/667 RAM
- Hardware RAID Controllers w/BBU
- Dual NICs
- 10/100/1000Mbps Uplinks

### Xeon Tigerton E7300 Series

- 1.60GHz & 2.13GHz Processors
- 8GB FB-DIMM Registered 533/667
- 1 x 250GB SATA II HDD
- 2000GB Public Bandwidth
- Unlimited Private Bandwidth
- 5 IP Addresses

### Xeon Dunnington E7400 Series

- 2.13GHz & 2.40GHz Processors
- 8GB FB-DIMM Registered 533/667
- 1 x 250GB SATA II HDD
- 2000GB Public Bandwidth
- Unlimited Private Bandwidth
- 5 IP Addresses

## SoftLayer Features and Benefits

### Network

- 100% Redundant Cisco Network
- Industry Leading Network
- Unlimited Private Network Bandwidth
- Redundant Gigabit Backbone
- 10/100/1000Mbps Public & Private Ports
- Private VLAN – Public & Private
- Private Secure Management Network
- Network Intrusion Detection System
- Denial of Service Protection

### Hardware

- Intel & AMD Server Grade Hardware
- PassMark BurnIn Test Certified
- 64-Bit Enabled Processors
- SATA II/SA-SCSI Hard Drives Available
- Hardware RAID Controllers Available
- IPMI 2.0 Server Monitoring
- Remote Reboot & Console Access
- Cisco and Fortinet Hardware Firewalls

### Software

- Microsoft Windows Server
- Red Hat/CentOS/Fedora
- Debian/Ubuntu/FreeBSD
- MySQL and SQL Installations
- Plesk and cPanel Control Panels

### Management Portal

- Public & Private Bandwidth Graphs
- Uplink Port Speed Control
- Hardware Identification
- Server Monitoring
- User Management
- Trouble Ticketing System
- Automated OS Reloads
- Advanced System Reporting
- Accounting and Billing Information
- Private Network Services
- Server to Server Connectivity
- NAS/FTP Backup Availability
- Windows Update Server
- Red Hat Update Server
- DNS Resolvers
- Infrastructure Support Servers

### Customer Support

- 24/7/365 Online Technical Support
- 1-866 Toll Free Support
- Certified Technicians
- Advanced Resolution System
- Forums, FAQ and Flash Tutorials
- KnowledgeLayer Information Center

## Processor Selections — Upgrade in Minutes

### Tigerton E7300 Series Quad Core Processor Selections

Intel Xeon 7310 - 4 x 1.60GHz - 1066MHz FSB

Intel Xeon 7320 - 4 x 2.13GHz - 1066MHz FSB

### Dunnington E7400 Series Quad and Six Core Processor Selections

Intel Xeon 7420 - 4 x 2.13GHz - 1066MHz FSB

Intel Xeon 7450 - 6 x 2.40GHz - 1066MHz FSB
